

Corina, Corina

Steppenwolf

Corina Corina, Girl where you been so long
Corina Corina, where you been so long
I've been worried about you baby
Why won't you please come home
I got a bird that whistles I got a bird that sings
Got a bird that whistles I got a bird that sings
But I ain't got Corina and life don't mean a thing
Corina Corina Ah you're on my mind
Corina Corina you're on my mind
I think about you girl and I can't keep from crying
