Blackkk (Chopnotslop Remix)

Thundercat, OG Ron C & DJ Candlestick

Travel through the light Hold this, hold this Take me to the highest mountain And the lowest seas Glory of your light Break through I want to experience all the light has to offer me Bathing in your glow Waving in the light Pressing your frontiers Totally reborn Don't be afraid of death We'll be gone in the twinkling of an eye Eye Eye Eye Song Discussions is protected by U.S. Patent 9401941.
