

We Could Be

Keyshia Cole

Oh yea yes
OOh
can i talk to you
for a minute
There's something on my mind
that i wanna sayOh Reality is, taking control of me cause i know, baby
I Know that you loving me
Oh loving you boy
I wanna contradict my word
I belong with you, I do truly wanna know(wanna know)
When you hear me taking, watcha think
When you looking into my eyes, watcha see
I know you ain't tryna to be my man
Watcha think about us bein friends, making plans
To be everything we wanna be, making ours dreams turn reality
I'm digging everything you appear to be
And i'm wonderin if we could be good good friendsSo emotional, you know i am
That's why you do me the way you do me, if you be cool with me
You'll see, that i'm all you need and all that you dream
And never would leave,
You'll be right by my side forever
Swear to God well grow old together, then reality would be you and me
When you hear me taking, watcha think(oh yea)
When you looking into my eyes, watcha see(when u see me baby)
I know you ain't tryna to be my man
Watcha think about us bein friends, making plans(sometimes, I think your so so so scared)
To be everything we wanna be, making ours dreams turn reality
I'm digging everything you appear to be
And i'm wonderin(wonderin) if we could be (we could be) good good friends
If we could be friends, baby
I'll give you wat ever you want and never would leave you a front
And be wat you need, baby
Be all i have, baby
And i'd be there for you, and never would front do wat you doWhen you hear me taking,
watcha think
When you looking into my eyes, watcha see
I know you ain't tryna to be my man
Watcha think about us bein friends, making plans
To be everything we wanna be, making ours dreams turn reality
I'm digging everything you appear to be
And i'm wonderin if we could be good good friendsIf we could be friends, baby
It be all i need, baby

Oh shuba dub du du duu
Be everything you wanna be
Making ours dreams turn reality
