

Dies Irae

Apashe & Black Prez

[Verse 1]

It's that daily routine, but y'all knew that
Step up in the building asking "who dat?"
I'm doing no stats, I mean that new rap
It don't matter what you doin' 'cause we do laps
That's new facts[Bridge]
Okay calm down if you scared
You ain't calm I don't care
You can run around get the gunna down
We blow it up in that air
Bomb bombs right there
On top of all of these stairs
Y'all down below, y'all soundin' low
Keep lookin' up and just stare to see

[Verse 2]

This ain't no hide a seek, find your seat
See we came to take names, y'all remindin' me
Y'all can't lie to me, too much pride top be
Just unleash another beast, that's just a side of me[Verse 3]
Keep mindin' me like look now, like look now

That left biscuit hook now
My bucks down, you shook now
Got mo' heat, get cooked now
Like oh man, I know that
Front stage, I show down
Just another animal that's steppin' out

[Pre-Drop]

'Cause I'ma beast. Where you at?
Oh my god, uh, uh
Oh my god
There we go. Whatchu doin'?
Oh my god, where at? Whatchu doin'?
Oh my god[Drop][Chorus]
'Cause I'ma beast. Where you at?
I've been unleashed. Whatchu doin'?
Sink my teeth. Y'all can't fathom I'ma beast
Oh my god. I'ma beast
Where you at? I've been unleashed
Whatchu doin'? Sink my teeth
Y'all can't fathom I'ma beast
Oh my god. I'ma beast
There we go. That's a beast

Nah for real. That's a beast
Y'all just know that that's a beast
Been unleashed 'cause I'ma beast
Yuh, uh. I'ma beast. Yuh, uh
When I step up on the scene that's a beast[Bridge]
Okay calm down if you scared
You ain't calm I don't care
You can run around get the gunna down
We blow it up in that air
Bomb bombs right there
On top of all of these stairs
Y'all down below, y'all soundin' low
Keep lookin' up and just stare to see[Chorus]
I'ma beast. Where you at?
I've been unleashed. Whatchu doin'?
Sink my teeth. Y'all can't fathom I'ma beast
Oh my god. I'ma beast
Where you at? I've been unleashed
Whatchu doin'? Sink my teeth
Y'all can't fathom I'ma beast
Oh my god[Drop]
Oh my god. I'ma beast[Chorus]
'Cause I'ma beast. Where you at?
I've been unleashed. Whatchu doin'?
Sink my teeth. Y'all can't fathom I'ma beast
Oh my god. I'ma beast
Where you at? I've been unleashed
Whatchu doin'? Sink my teeth
Y'all can't fathom I'ma beast
Oh my god. I'ma beast
There we go. That's a beast
Nah for real. That's a beast
Y'all just know that that's a beast
Been unleashed 'cause I'ma beast
Yuh, uh. I'ma beast. Yuh, uh
When I step up on the scene that's a beast
