

Fickle Game

Amber Run

I wanna be older, I wanna be stronger
I don't wanna fall at this time
I wanna be quicker, I wanna get closer
Don't wanna feel where's the pastCause I'm fast enough to get in trouble, but not fast enough to
get away
I'm old enough to know I'll end up dying
And not young enough to forget againIt's all a fickle game,
Oh it's all a fickle game we play
I wanna be older, I wanna be stronger
I don't wanna fall at this time
I wanna be quicker, I wanna get closer
I Don't wanna feel where's the pastCause I'm fast enough to get in trouble, and not fast enough
to get away
And I'm old enough to know I'll end up dying
And not young enough to forget againIt's all a fickle game,
Oh it's all a fickle game we playIt's a fickle game
Cause I'm fast enough to get in trouble, and not fast enough to get away
And I'm old enough to know I'll end up dying
And not young enough to forget againI'm sick of fickle games
It's life a fickle game we play
