

Cross Me (feat. Lil Baby and Plies)

YoungBoy Never Broke Again

Can I see that lighter? Thank you, um
Do you think, um, I can make them, like
Feel me on this song, like, without saying too much?
I kept on begging you to stay
I couldn't hold on, so please forgive me, I wasn't strong
I take my lick and I move on
Fuck them niggas for life, the way they did me wrong I was blind when they crossed me (Yeah)
I was blind when they crossed me (I was blind)
I was blind when they crossed me (Oh I)
I was blind when they crossed me
I could put this shit on everything
I had came out the back door
For this shit, man, I was struggling for so long
Pray every day, protect myself, and tote that fucking pole
I mind my business, I'm not like these niggas or these hoes
Been deceived, I know No Name'll throw them B's
I tell lil' shorty come be on the winning team, please
I told that bitch she best believe
I told that boy it's 4K Trey, I tote that beam
Oh, how the fuck you do me wrong?
Left me for a nigga that wasn't worth it like me
I put in work to be with you, he ain't deserve it like me
I was low-key in a coupe, they put the word out on me
I was blind when they crossed me
I was blind when they crossed me
I was blind when they crossed me
I was blind when they crossed me
I was blind when they crossed me (I was blind)
I was blind when they crossed me (Yeah, ayy, YB)
I was blind when they crossed me (This a Plies check-in, bro)
I was blind when they crossed me (Know this shit took cash to drop) I been used by niggas, I
been used by bitches
One thing I ain't never do was get in my feelings
Most of these niggas never been in no trenches
None of these hoes, don't put in my business
I don't need no nigga, I don't need no bitch
'Cause if I get locked up they ain't gon' send me shit
Got a bag, I'll put it on your head, lil' bitch
Y'all broke ass niggas can't tell me shit
L-O-V-E, that ain't me
M-O-N-E-Y, that's me
I don't trust y'all niggas far as I can see

Most y'all hoes fuckin' more than me
 Can't fuck with everybody what I learned in these streets
 Niggas only show up when it's time to eat
 Jump in that water, better hope you can swim
 'Cause I'm tellin' you, lil' nigga, I'm playing for keeps
 Master you broke hoes who ain't got shit
 Want me to fuck, gotta pay for this dick
 Only love I'm showing is to my fam
 Tryna stay rich, give a fuck 'bout no 'Gram
 I got gold now, ten mill' a month
 Want me to save you, ho? I ain't the one
 YB, YB, run it up
 Most you fuck niggas talk too much I was blind when they crossed me (Yeah)
 I was blind when they crossed me (I was blind)
 I was blind when they crossed me (Oh I)
 I was blind when they crossed me I'm in that 'Vette again (Slatt), I just went top speed
 I should've knew they would cross me
 They sit around, talk about me
 We carry Dracos that chop trees (Yeah)
 I get that bag and I put it up 'cause I know ain't shit free (Nah)
 We was in love, I came and pulled up, I know she miss me
 She ride that dick like a ten-speed
 I'm with the gang, I can't switch teams
 No more handcuffs, I wear APs
 Take off my watch, let my wrist breathe
 We been gettin' money and we been thuggin' since we was young boys
 Now look at me, I just bought a foreign, the same one as YoungBoy
 Go to my shows when I'm drunk, boy
 My youngins, they shoot-out for fun
 A convicted felon, I'm keeping my gun
 It's just how we livin', we come from the slums
 Now when the police pull up, we don't run
 Young rich nigga, do what we want
 Private jet so I'm sittin' in the front, yeah
 How could you cross me? How could you cross me?
 How could you cross me? How could you cross me?
 How could you cross me? How could you cross me?
 How could you cross me? How could you cross me? I was blind when they crossed me
 I was blind when they crossed me
 I was blind when they crossed me
 I was blind when they crossed me
 I was blind when they crossed me (I was blind)
 I was blind when they crossed me (Yeah)
 I was blind when they crossed me (Oh, oh, oh, oh, oh)
 I was blind when they crossed me (When they crossed me)
