Understand Me

Problem & Iamsu!

Huh, make room for a real nigga when you see him
Fake nigga yeah I got the gem
Ho, you're thirsty get out my dem
you suppose to live for the papper, hundred proof no chaser
That's your bitch I'm a take her
You're a banker I need some cookies to smoke
Shit rap don't work, take a tookie aproach
On mamas for real, plow plow plow
Ye I got me a lil
Fuck that I'm ready to pop me a pill
And turn this motherfucker up
Turn this fucker up
You looking too long
Boy I fuck you up
Diamond in the rough, glide when I strut.
Married to the grind bout to buy me a tux
Nigga I'm fresh, nigga I'm next
Gold on my chest, hoes to my left
Bros on my right, this is my life
I'm about to make a movie
Ye I need to call spike
I don't do fake you understand me
I don't do hate you understand me
Smoke and I get cake, you understand me
Real nigga all day, you understand me
It's all day, you understand me
It's all day, you understand me
You understand me, you understand me
It's like this all day
You understand mePushing down the block watching for the cops
Checking these traps looking for the gwap (on mommas)
Flow so clean I don't need 'em out
Make the scene go dumb when the shit drop on
Ye you feel that, you feel that
Pussy, pussy, pussy kill that I kill that
I seen her eyes now your girl she wanna chill, wanna chill at
Wanna be with a real one

Like a Forrest no Gump, I be throwing in the corner straight slumb
Thought he was a big dog now he acting like a pup
Shit be funny to me

Everything's about money to me
Turn a rachet to a diva
