

Gangsters For Life

Dyablo, Matador & Boogie

up in the club
we hittin ---
driking jin
gangster for life
hustlers!, its a must that we...keepin it real
walk in the club flashin, splashin
bacardi at rub for those who were asking
whos this shot mother f**ka? buck buck ducka
bitch better buck up, before you get stuck up
go to your job, yo shake them tities
ima do my thang, spank cash and smoke those philies
porto-roc stock, got you high like hill billies
try to take mines, yo baby thats silly
platinum status, fattest midaliun
all that your dreaming, its real for my team
thero bread, avoid feds but take heads
all that you see is real for my team
password is "jimmy the gent" the doors open

hustlers!, its a must that we...no digas nada solo miras lo que esta pasando
soy el profeta, el enemigo lo tengo gatiando
siempre que pise el senario, mujeres gritando
es mi presencia es intoable, veta alejando
son los diamantes icustados en mi medalla
mi orgullo esta alla
victorioso yo entre la batalla
escuche y calla, el boogie y loco my compana
mientras el matador a las mujers la agena
tu no venistes aqui para mirame en carne viva
porque ya se que to gusta voca ariba
esto no acaba anque la gorda cante, esto continua
abres las piernas mientras gritas porque se perfectua
es el dolor que a ti te gusta a este modo
detras del caro en un quarto siempre mi acomodo
pues el alcol, el sexo y el dinero te fasina
quieres un poco abre la boca i ponete a RODIAS!up in the club
we hittin skin
driking jin
gangster for life
hustlers!, its a must that we...
