

Tilt

Fu Manchu

Up on the blocks
cause Ive been hearin' it knock I said.
over and over again And in my hand,
got oil straight from the pan Pullin' to the right. be workin all night
I said, Over and over again feeling just fine
five for a dime
feeling just fine five for a dime (5 balls for a dime--in 70's pinball) and there he goes. yea only
daredevil knows
gotta wired to a higher sound
way above the ground round the next turn im shue Ill burn
im lost and found
feeling just fine
five for a dime
feeling just fine
five for a dime
