

# Keep It Mello (feat. Omar LinX)

## Marshmello & Omar LinX

Woke up and just felt right  
Phone blown like a tailpipe  
Today's schedule air tight  
I turn a short day into a long night  
See you soon if you got the heart  
Meet you outside reny parkHurry up it it's gettin dark  
We don't say too much  
And that says a lot  
Hoped into that old benz  
Drive through where that road ends  
Good times with some old friendsI got just the thing if you so tense  
Burn one lets go do some  
Got me stoned as medusa  
Zoned out with a blank stare  
I'm lookin into the futureHold up ain't nothing gonna hold us  
Put the devil to the sideGot an angel on my shoulder  
And I'm like hello  
It's good to finally let goI ain't worried bout a thing  
I just like to keep it mello  
Yea I like to keep it melloI smoke and keep it melloI drink and keep it mello  
Everyday I keep it mello  
Everyday I keep it mello  
I smoke and keep it mello  
I drink and keep it mello  
Everyday I keep it mello  
Everyday I keep it mello  
Mello, mello...  
It's like 4 am and I'm bored again  
When that 40 endWhen that dream team all  
Played out and they hit bench  
I just step back lemme soak it in  
I've seen the ups and downs  
So I get it now, I was born to winIt's my time bout time, my turn I can't lie  
Waiting for that one spark  
My one hope to catch fire  
I'm fine, I'm highLight rain through the sunshine  
Tryin to man this old boat  
I'm the captain now and it's crunch time  
I don't care if I'm gettin paid  
Need the week but I get the day  
Wide awake when I need sleepI'm knee deep but I set the way  
Focused on that one mistake let it free don't let it break

Fuck it all, I'm turning in  
My celly's off the great escape  
Hold up ain't nothing gonna hold us  
Put the devil to the side  
Got an angel on my shoulder  
And I'm like hello  
It's good to finally let go  
I ain't worried bout a thing  
I just like to keep it mello  
Yea I like to keep it mello  
I smoke and keep it mello  
I drink and keep it mello  
Everyday I keep it mello  
Everyday I keep it mello  
I smoke and keep it mello  
I drink and keep it mello  
Everyday I keep it mello  
Everyday I keep it mello  
I smoke and keep it mello  
I drink and keep it mello  
Everyday I keep it mello  
Everyday I keep it mello  
I smoke and keep it mello  
I drink and keep it mello  
Everyday I keep it mello  
Everyday I keep it mello  
I smoke and keep it mello  
I drink and keep it mello  
Everyday I keep it mello  
Everyday I keep it mello  
I smoke and keep it mello  
I drink and keep it mello  
Everyday I keep it mello  
Everyday I keep it mello  
I smoke and keep it mello  
I drink and keep it mello  
Everyday I keep it mello  
Everyday I keep it mello
