## **Dangerous**

## **Shaman's Harvest**

Got no more hate And that makes me dangerous No pride or shame And that makes me dangerous Can't get knocked down And that makes me dangerous My time is now And that makes me dangerousI'm a grenade without reason Ready to explode I'm like a freight locomotive Steamin' out of control I'll make you a martyr Boy, step in line I'm a glutton for punishment Yeah, it makes me feel alive It makes me feel alive Ain't got a f--kin' thing left And that makes me dangerous Got no regrets And that makes me dangerous All outta cocaine And that makes me dangerous Nothing to cure my pain And that makes me dangerousI'm a grenade without reason Ready to explode I'm like a freight locomotive Steamin' out of control I'll make you a martyr Boy, step in line I'm a glutton for punishment Yeah, it makes me feel alive It makes me feel alive It makes me feel alive It's all inside of me This deadly sickness I've got nothing left And that makes me dangerous You keep on pushing me Like I've got a weakness I've got nothing left And that makes me dangerousI'm a grenade without reason Ready to explode
