

Weight in Gold (Point Point Remix)

Gallant

Black dust in orbit, cascades down like a parachute
Bricks on my shoulders, this gravity hurts when you know the truth I'm pulling my weight in
gold

Call me anxious, call me broke
But I can't lift this on my own
Pulling my weight in gold
Call me anxious, call me broke
But I can't lift this on my own I'm pulling my weight in gold
Call me anxious, call me broke
But I can't lift this on my own
Pulling my weight in gold
Call me anxious, call me broke
But I can't lift this on my own

We dreamt like martyrs, I never thought I was bold enough
You pushed me further, and I take the blame for the both of us I'm pulling my weight in gold

Call me anxious, call me broke
But I can't lift this on my own
Pulling my weight in gold
Call me anxious, call me broke
But I can't lift this on my own Oh, Universe, hold me up
You tried your best, is it ever enough
When it's already dragging me down?
I'm pulling my weight in gold
Call me anxious, call me broke
But I can't lift this on my own
Pulling my weight in gold
Call me anxious, call me broke
But I can't lift this on my own
