Mustard on that beat, ho! Your kind of love should have a warning
Didn't know I would fall like this
Each and every morning can't wait to kiss your lips, nah I ain't looking for another one
No need you got everything I want
Just keep giving me love
Giving me love
Giving me love In the madness of this world
I'm glad I found you
When my heart don't seem to work
It's you I turn to
It get hard it get hard out there
Put your arms put your arms right here
Ohhhh you don't have to say a word
I'm glad I found you
I'm glad I found you
I'm glad I found
Something I can build on
You rock in the sea of sand
Even when the sun gone
You bring the light of your love to my land ohh I ain't looking for another one
No need you got everything I want
Just keep giving me love
Giving me love
Giving me love In the madness of this world
I'm glad I found you
When my heart don't seem to work
It's you I turn to
It get hard it get hard out there
Put your arms put your arms right here
Ohhhh you don't have to say a word
I'm glad I found
Someone with the effort
Someone with the time
Water in the desert
I I'm glad I found
Good amongst the evil
Simba in his prime
Oh I'm in my equal
I I'm glad I found you
I I'm glad I found you
I I'm glad I found In the madness of this world
I'm glad I found you

When my heart don't seem to work
It's you I turn to
It get hard it get hard out there
Put your arms put your arms right here
Ohhhh you don't have to say a word
I'm glad I found you
I'm glad I found you
I'm glad I found
