

After the Hurricane

Jazmine Sullivan

I can see it in his eyes, oh, I
And he's been avoiding me all day
It seems as though he wants to cry, oh, I
And he's been acting really strange He starts talkin' and I tuned him out, yeah
It doesn't matter anyway
'Cause I knew as soon as I saw clouds, yeah
I knew what he was gonna say 'Cause when the tears start flowin' and the wind starts blowin'
That's how you know it's comin' for you
When the rain start fallin' and you feel the pain comin'
That's how you know it's comin' for you
Just like a hurricane, just like a hurricane
The way you break everything that comes in your way
Just like a hurricane, just like a hurricane
The way you broke my heart and now, I'm left with the pain
After the hurricane Baby, I'm not surprised, oh I
You said just what I thought you would
And it hurts, I ain't gon' lie, oh I
But it doesn't hurt as bad as it could 'Cause when the tears start flowin' and the wind starts
blowin'
That's how you know it's comin' for you
When the rain start fallin' and you feel the pain comin'
That's how you know it's comin' for you Like a hurricane, like a hurricane
The way you break everything that comes in your way
Just like a hurricane, just like a hurricane
The way you broke my heart and now I'm left with the pain
After the hurricane
Now my life is shattered
And I'm left to pick up the pieces
And find a new beginning
And put it back together again
After the hurricane, the hurricane Just like a hurricane, just like a hurricane
The way you break everything that comes in your way
Just like a hurricane, just like a hurricane
The way you broke my heart and now I'm left with the pain
After the hurricane Just like a hurricane, just like a hurricane
The way you break everything that comes in your way
Just like a hurricane, just like a hurricane
The way you broke my heart and now, I'm left with the pain
After the hurricane After the hurricane
