

Against All Odds (feat. Dynamite MC)

Dyro

3, 2, 1 you know we got that Yo man, I go hard
You know I got no limit like a Black Card
And I can bubble in the cup till I get scarred
Man, the beat go sound fat like a Chip Lard (Check he program)
What? It's a new day
And I wanna tear it up in the worst way
I can tell it's gonna blow like it's Pompeii
Something wrong with your head if you won't play
Na na na
Talk to me, talk to me, talk to me, talk to me, Woo
(?)

They'll be hotter at the edge of the club
If you're looking for a dub, then you better come report to me
It's time for action, we're on this, yeah!
Anybody want action, we promise
Take a step, pull the concept
3, 2, 1 you know we got that
Talk to me, talk to me, talk to me, talk to me, Woo
They'll be hotter at the edge of the club
If you're looking for a dub, then you better come report to me
It's time for action, we're on this, yeah!
Anybody want action, we promise
Take a step, pull the concept
3, 2, 1 you know we got that
