

# LA & the Parties (feat. Sevyn Streeter & Luh Kel)

## Lost Kings

Don't need your money  
I got fifty thousand pounds on my self, whoa  
Don't be surprised I'm not impressed by everything  
Just bring yourself, whoa  
Yeah, nothing like the little thing  
Oh, yeah, yeah  
I just want the little things alright  
Yeah, nothing like the simple things  
And I just want the realest things alright  
I just need somebody  
I'm tired of LA and the parties  
I just need someone to hold me  
Catch me when I'm lonely  
Coming when I'm calling  
Catch me when I'm falling  
Ooh, sorry, I'm sick of LA and the parties  
I just need someone to hold me  
Catch me when I'm lonely  
Coming when I'm calling  
Catch me when I'm falling, ooh  
I'm sick of LA and the parties  
I'm sick of LA and the parties  
I just need somebody there to catch me when I'm falling down  
I know I got your heart because you're always around  
I need you by my side 'cause I'm addicted  
Your love it got me wishing  
Hoping for your kisses, yeah, yeah, yeah  
You know look like feelings out of here, yeah, yeah  
I just wanna show you that I care, yeah  
The models, girl, I swear to god  
They're stupid for thinking that you're useless  
Say fools look like, yeah I just need somebody  
I'm tired of LA and the parties (I'm tired of LA and the parties)  
I just need someone to hold me (Hold me)  
Catch me when I'm lonely (Lonely)  
Coming when I'm calling  
Catch me when I'm falling  
Ooh, sorry (I'm so sorry), I'm sick of LA and the parties  
(Tired of LA and the parties)  
I just need someone to hold me (Hold me)

Catch me when I'm lonely (Lonely)  
Coming when I'm calling (Yeah, yeah, yeah, yeah, ooh)  
Catch me when I'm falling, ooh I'm sick of LA and the parties  
I'm sick of LA and the parties  
I'm sick of LA and the parties
