

# The Wretched Spawn

## Cannibal Corpse

Concieved through rape  
Procreate  
A vicious brood  
Ravaging intercourse  
Penetrate with corse  
Forsaken, nude  
Spawn of the wretched, born of the rape  
Dawn of the murdering beasts of hate  
Spawn of the wretched cunt defiled  
Pawn of the darkness, blasphemous child  
The wretched spawn, inheretly vile  
Inherited traits  
Reprobate  
From birth an urge  
No chance to change  
Born deranged  
Violence will emerge  
Spawn of the wretched, born of the rape  
Dawn of the murdering beasts of hate  
Spawn of the wretched cunt defiled  
Pawn of the darkness, blasphemous child  
The wretched spawn, inheretly vile  
Spawn of the wretched, bred from the damned  
Gone are the instincts normal of man  
Spawn of the wanton loins of the cruel  
Spanwed by brute force used as a tool  
The wretched spawn, violence will rule  
Heredity dictates brutality  
Groomed to carry the legacy  
Genres of the butchers, a killing breed  
Revel in making the helpless breed  
Scion of the murders  
A bloodline so profane  
Born insane  
Predestined to annihilate  
Throught sinister eugenics  
Sworn to kill, they will  
It was made to kill (Solo Jack Owen)  
Massacre the innocents  
A slaughter without meaning  
Bleed, screaming  
Only one remains untouched  
Her fate is violation  
Vile  
Impregnation
