

# Shutdown

## Joywave

Take  
Take in a deep breath  
Get in a little rest  
Yeah, you're safer here than you were out there So feel those feelings that you used to have  
Feel those feelings again or at least pretend Shut it down  
Get carried away  
Solid ground  
Is here to stay Think  
Think for a moment  
Just don't analyze  
Yeah, the smartest folks are the saddest I know  
So feel those feelings that you used to have  
Feel those feelings again or at least pretend Shut it down  
Get carried away  
Solid ground  
Is here to stay Shut it down  
Get carried away  
Solid ground  
Is here to stay Yeah, the smartest folks are the saddest I know Shut it down  
Get carried away  
Solid ground  
Is here to stay  
Shut it down  
Get carried away  
Solid ground  
Is here to stay
