How do I create annotations?

Oh, we went out, we didn't come home

Until later than we said we would

We snuck out, got caught alone

Making a mess of our youth

I lost my innocence

Someone help me find it

My life's been the place

With your things and your faces

But I'm sitting right here

And nobody's home

And Everyone's gone

To someplace I may not know

Or ever find Nobody's home

To help me see right from that

Nobody's home

To save me My mind is blank

Words don't come out

I'm falling into an empty space

It's so clear, that I'm hopeless in here

There's so much to fear

So much at stake

But I lost my innocence

Someone help me find it

My life has been the place

With your things and your faces

But I'm sitting right here

Are we breaking in half?

Where are those promises we had

You said you'd love until the end

Where are you now?

Where are you now?

Where are you now? Nobody's home

Everyone's gone

Nobody's home

To save me
