[Verse 1:]

It's 1 o'clock in the morning  
We in the 745 just rollin  
I see some okay chicks over my shoulder  
They wanna know  
They wanna know  
What we doing and where were we going  
Y'all keep questionin  
But y 'all not knowing  
That we not feeling ya  
So keep on moving  
We don't want to roll no where with ya'll [Chorus:]  
Girl you need to be up on me (back it up)  
Don't leave me here standing lonely (back it up)  
I'm just tryna get my groove on (back it up)  
Cause we ain't playin, and I ain't playin so baby girl lets do the thang

[Verse 2:]

Now we dancing  
Everybody moving  
All the chicks in here shaking they booties  
Throwing it up  
The fellas  
Are saying Oh Wee  
Do this girl know I'm losing control  
How she shaking it  
Got me trippin  
And I know I got this one  
I'm never slippin  
The way she lookin  
I know she with it  
So grab your coat  
And baby lets go  
[Chorus:]  
Girl you need to be up on me (back it up)  
Don't leave me here standing lonely (back it up)

Cause we ain't playin, and I ain't playin so baby girl lets do the thang [Rap:]  
Shorty  
What was the deal  
All up on me girl you need to chill  
Outta control  
Like a car with 3 wheels

I can't be with you  
I can't pay your bills  
What you doing now  
You need to do lessa  
I thought I told you  
3 feet  
No pressure  
You ain't getting no where with your hand gestures  
Your not finding a dude like me  
So God bless ya[Repeat chorus]
