

Love Is On My Side

Brandy

Memories of yesterday
loneliness my way to say
I needed you
and all you do
to come and rescue me
the day I saw your face
everything fell into place
a memory of you and me a love song that we share(Chorus)they say love isn't love
until you got someone to share it with
and i got you
and it's made me realize that love oh love
love is something that we take advantage of
with you i learned that love is one my side
(Verse 2)
I've tried
but the feeling still flows deep inside
takes my breathe away
when it trys to stay
I only love you more
oh don't try to tell me I'm a fool!
I know this is something new
just guide me through
I'm here to do
whatever you want me to(Chorus)and they say love isn't love
until you got someone to share it with
and i got you
and it's made me realize that love oh love
love is something that we take advantage of
with you i learned that love is one my side
(on my side, on my side, love is on my side)(Verse 3)
I sit here and wonder why
I can't get you off my mind
a special scent and all you meant to me (oh oh oh)
it's a love that just won't go away
I hear it in the things you say
I can't ignore
I want you more and more
and more and more and more yeahChorus until fadeoutthey say love isn't love
until you got someone to share it with
and I got you
and it's made me realize that love oh love
love is something that we take advantage of

with you i learned that love is one my side
