

Sex Games

Case

I know you're lying all alone
Waiting for my call
To tell me that your body's craving me
Well the phone's not enough tonight
Let's make this reality(1) - We can do the things that you don't get to do
Cause you lay all alone
Just let me sit here and watch you strip
For me cause I know I get you off
(2) - Is it too late to come on over?
And play sex games
Is it too late to slide on over?
And play sex gamesSex games, oh yeah, oh baby
Sex gamesYou know it's funny how you try
To hide your crazy sex drive
I must admit I wanna play
Your body pretty mama till the night
Becomes the middle of the day
(Repeat 1)(Repeat 2)(breakdown with ad-libs)(Repeat 2 till end)
