

Lost in Place

Alice Donut

We took the wrong way in
We took the wrong way out
We took the wrong way in
We took the wrong way out
Patience
Hesitation
Quiet anticipation
Desperation
Calculation
Premeditation
There's a rope in the shed
There's a car on the lawn
There's a knife in the sink
And the tv is on
There's a man with a knife
There's a car on the lawn
There's a rope in the shed
And the tv is on
There's a rope in the car
There's a knife on the lawn
There's a man by the sink
And the tv is on
There's a knife in the shed
There's a rope on the lawn
There's a man in the car
And the tv is on
Patience
Hesitation
Quiet anticipation
Desperation
Calculation
Everything we say along the way gets
Lost in...
We took the wrong way in
We took the wrong way out
