When You Put Your Heart In It

Kenny Rogers

We knew it was one in a million It was such a long shot But somehow we've got here together And who knows what will happen Anything can happen If we keep getting better And we keep on believing When you put your heart in it It can take you anywhere Who's to say that we can't make it It's the same dream that we share When you put your heart in it It can take you anywhere This road was so long and winding It was such a hard road But we couldn't stop once we had started We were always getting closerSuddenly it happens A chance in a lifetime Now we're gonna take it, we can make itWhen you put your heart in it It can take you anywhere Who's to say that we can't make it It's the same dream that we share Keep on believing Keep on believing

Keep on believing
When you put your heart in it
It can take you anywhere
Who's to say that we can't make it
It's the same dream that we share
When you put your heart in it
It can take you anywhere
