Baby (feat. MARINA & Luis Fonsi)

Clean Bandit

Standing here in an empty room
Saw you there and my blood ran cold
Take me back to that long September
Don't know how I ever let you goI was young, didn't know 'bout love
You were wild, couldn't get enough
Gave my heart to another lover
Don't know how I ever let you goFind me, in another place and time
If only, if only you were mine
But I'm already someone else's baby
Guess I had my last chance
And now this is our last dance
It fell through the cracks in my hands
Hard to say it's overBut I'm already someone else's baby
Baby, ahh
Baby, ahh
Baby, ahh
But I'm already someone else'sAll caught up in the way we were
I feel your hands getting close to mine
Don't say the words that I love to hear
Beat goes on and I close my eyesI was young, didn't know 'bout love
You were wild, couldn't get enough
Let's leave things the way they were
You'll stay with me like a lullaby
Guess I had my last chance
And now this is our last dance
It fell through the cracks in my hands
Tell myself to be stronger
My heart's like a rubber band
And it's such a shame
You'll always be the one who got away
We both know deep down you feel the same
Hard to say it's overBut I'm already someone else's baby
Baby, ahh
Baby, ahh
Baby, ahh
But I'm already someone else'sWish I met you in another place and time
If only, if only, you were mine
This love story ends for you and I
Cause I'm already someone else's
Baby, ahh
Baby, ahh
Baby, ahh

But I'm already someone else'sBaby, ahh
Baby, ahh
Baby, ahh
I'm already someone else's
