Bday (feat. Deacon Blues & Kari Faux)

Isaiah Rashad

Bum, bum, bum, ba, bum
Yeah feel me
Uh, uh, uh, uhOh, believe I feel great today
I can't help but just pour my drink
Cause sometimes it be talkin' to a nigga
Yeah sometimes I be talkin' back
Sometimes I be, ha

I swear

Play me, nigga I'm faded
Nigga I feel like 25 babies
It's gone, drunk, lookin' like a robber
Headed to the church or headed to the brothel
Poppin' my collar, really like Bieber
How do you tell the truth to a crowd of white people?
Made it, motivational speaker, bumpin'
Most time tellin' my teacher somethin'Baby we was like Decatur
We was like Lithonia elevated thinker, bump it

Deacon, stuntin' was a habit
Trappin' was a hobby, shooter got a reason
Thumper, Sasha why you gotta leave me?
We was like forever life is so confusin', fuck it
Take me, take me to revival

Maybe this'll help me, maybe this'll change my mind
Oh, believe I feel great today
I might just pour my drank
Cause sometimes it be talkin' to a nigga

Yeah sometimes I be talkin' back Sometimes I be, uh, uh, yeah

House-side niggas always stuffin' a few Southside niggas always keepin' it there

.45 trigger gave 'em somethin' to do

We should shot at the moon House-side niggas always stuffin' a few Southside niggas always keepin' it there .45 trigger gave 'em somethin' to do

We should shot at the moonJesus always told me I was special Mommy told me go and get some money

Spread shit to the world

Cause ain't no fun if the homies can't have some Have mine, nigga heaven ain't free We was just prayin' for another drink Bitch look good to a buzzard, hey I could barely hear from the thunder, wait
I could barely feel for the money, waitBaby we was like Decatur
We was like Lithonia elevated thinker, bump it

Deacon, stuntin' was a habit

Trappin' was a hobby, shooter got a reason

Sasha why you gotta leave me?

We was like forever life is so confusin', fuck it

Take me, take me to revival

Maybe this'll help me, maybe this'll ease my mindOh, believe I feel great today

I might just pour my drank

Cause sometimes it be talkin' to a nigga

Yeah, sometimes I be talkin' back

Sometimes I be, yeah, ha

House-side niggas always stuffin' a few

Southside niggas always keepin' it there

.45 trigger gave 'em somethin' to do

We should sshot at the moon

House-side niggas always stuffin' a few

Southside niggas always keepin' it there

.45 trigger gave 'em somethin' to do

We should shot at the moonRidin' down the street with the hazard lights on

Turn my phone off while I'm switchin' time zones

Lost in the sauce not sure where I stand

You can't call me back if you can't pay me in advance

Ridin' down the street with the hazard lights on

Turn my phone off while I'm switchin' time zones

Lost in the sauce not sure where I stand

You can't call me back if you can't pay me in advance
