

Fresh Air

Future

Ostentação, palavra que eu gosto de ouvir
See you touch your toes while you cookin' breakfast
Pacific Ocean out the backyard lookin' sexy
Stretch out, codeine, no chase
Don't let your dreams go to waste I'ma need fresh air
I'ma need fresh air
I need to get out on my own
It's been too long
Girl, I need Move on
Afternoons come before nighttime
Without you
Never broke, place up, don't forget y'all had that
Come on
Feelin' it, Jay said it's all for you
Never try to put the navigation when I'm lookin' for it
I'll be right back, I'm on auto-pilot for the week
I'll be right back
Bad, bad, but she lookin' badder every week Hold some shit to make you mine
Tell me where it's safe, yeah
Tell me where the security at
Movin' up to bigger paper, man
Tell me, tell me, is it an investment?
To relieve stress and fall in love? I'ma need fresh air
I'ma need fresh air
I need to get out on my own
It's been too long
Girl, I need See you touch your toes when you're cookin' breakfast
Pacific Ocean out your backyard, lookin' sexy
Stretch out, codeine, no chase (no chase)
Don't let your dreams go to waste
I'll be right back, I'm on auto-pilot for the week
I'll be right back
Bad, bad, but she lookin' better every week I'ma need fresh air
I'ma need fresh air
I need to get out on my own
It's been too long
Girl, I need
Girl, I need
I'ma need
Girl, I need
I'ma need Tell me where are we
If I need to breathe

Tell me why so fuckin'
If I need to breathe
Breathe, breathe
If I need to breathe
Breathe, breathe
We, we, we, we I'm mad, I'm mad, you know that I'm mad
Tipped up the scale, now pullin' up to the back
I'm mad, I'm mad, you know that I'm mad
Where's the love tonight? Where's the drugs tonight?
I need that shit right away
I just need fresh air right away
I just need fresh air right away I'ma need fresh air
I'ma need fresh air
I need to get out on my own
It's been too long
Girl, I need
Girl, I need
I'ma need
Girl, I need
I'ma need I need that shit right away
I just need fresh air right away
I just need fresh air right away
I'ma need fresh air
I'ma need fresh air
I need to get out of my home
It's been too long
Girl, I need
