

Round We Go

Dizzee Rascal

Ain't no love in here, it's just big one circle here
Ain't no friendship here, it's just one big cycle here
Round, round, round we go, round, round, round we go
Round, round, round we go, if you love me let me know
Round, round, round we go, round, round, round we go
Round, round, round we go, if you love me let me know This is Rascal yo She used to love him,
he used to love her
She used to kiss him, he used to hug her
Call it deep love or puppy love, they bunked off school Now there's no flame, things ain't the
same
Looks like she changed, thinks this is some game
He's left in the rain tryin' to lay blame, took for a fool
She moved on quick, he still love it
She's not having it, thinks he's some prick
He don't believe it, wants it just the way it was in school He keeps callin' night and mornin'
Break of evenin', break of dawnin'
He keeps ringin' up, she keeps hangin' up, oh, a fool She is the best friend and the ex-girlfriend
of her old school friend
Who is the close friend of this best friend
Best friend likes this boy called Blue Best friend loves him, best friend needs him
But the ex-girlfriend of the old school friend
Who is the close friend of his best friend likes him too So the ex-girlfriend of the old school
friend
Who is the close friend of his best friend
Sits with best friend, who by now has slept with Blue Now the ex-girlfriend don't want to
pretend that
She ain't slept with that boy Blue
'Cause he was a friend of her ex man too, listen
Ain't no love in here, it's just one big cycle here
Ain't no friendship here, it's just one big cycle here
Round, round, round we go, round, round, round we go
Round, round, round we go, if you love me let me know
Round, round, round we go, round, round, round we go
Round, round, round we go, if you love me let me know I'll wreck any girl, check any girl, like
expect any girl
Rarely reject any girl, sex any girl, I'll just select any girl
Black girl, white girl, mixed race girl, bigged bum, big tits
Pretty face girl, Mauritius, Asian, Chinese girl Keep it I D.O kiss but don't tell
We do big pimpin' late night daylight, big pimpin'
Why you laughin', that your bra I'm blinkin'?
That's a quick juicin' it's no love ting Bend her over and I leave her limpin'
No lips in that, that's not interestin'

No cuddlin' 'cause I'm not carin'
And no talkin' just straight to the thing 'cause Ain't no love in here, it's just one big cycle here
Ain't no friendship here, it's just one big cycle here
Round, round, round we go, round, round, round we go
Round, round, round we go, if you love me let me know
Round, round, round we go, round, round, round we go
Round, round, round we go, if you love me let me know What's all this love thing talk?
Holdin' hands everywhere that you walk?
She turned you both out and now you lick toes
And she's not faithful, everybody knows She keeps sayin' that she loves you
What made you think that was true?
Just let her beggars walk through
I guarantee that'll be the end of you Look, shall we say that that girl's the boom ting, man?
But she's trouble she'll make your head spin, man
Slow down back off the love ting, man
You don't wanna be left hurtin', man Cut the sweet talk it ain't workin', man
And move on, she's already deserted, man
You ain't the first, you won't be her last, man
You feel worse, you're goin' too fast, man Ain't no love in here, it's just one big cycle here
Ain't no friendship here, it's just one big cycle here
Round, round, round we go, round, round, round we go
Round, round, round we go, if you love me let me know
Round, round, round we go, round, round, round we go
Round, round, round we go, if you love me let me know
