

Pyd (feat. R. Kelly)

Justin Bieber

I'mma put you down
(PYD, PYD, PYD)
Down (PYD, PYD, PYD)
I'mma put you down (PYD, PYD, PYD)
All the way down From the door to the wall
Coffee table, girl, get ready
I'mma put you down (PYD PYD PYD)
All the way down (PYD PYD PYD)
From the stove to the counter top
Dining room table, are you ready?
I'mma put you down
(PYD PYD PYD, PYD PYD PYD)
Up the stairs to my bedroom
Light a few candles, brace yourself
I'mma put you down (PYD PYD PYD)
All the way down (PYD PYD PYD)
On a plane, a train, an automobile doesn't matter
I'mma put you down (PYD PYD PYD)
All the way down (PYD PYD PYD) And it don't make no sense to be that bad
I'mma take it down on you, babe (PYD PYD PYD)
Put you down (PYD PYD PYD)
This will show you how much I love you
For my appreciation
I'm a put you down (PYD PYD PYD PYD PYD PYD PYD)
Ooh, 'cause you deserve the best
And nothing but the best
So I give you the best you've ever had
I'mma put you down (PYD PYD PYD PYD PYD PYD PYD)
I'mma put you down
On the roof, balcony, we don't care who sees
Girl, I'mma put you down (PYD PYD PYD)
All way down, down, down (PYD PYD PYD)
After the club, in the parking lot
I don't care anyone who could pick the spot, whatever
I'mma put you down, yea (PYD PYD PYD)
All way down, yeah (PYD PYD PYD)
'Cause I've been doing forensics
On your body in this club
Now I can tell the way you walk banned
Ain't been touched the right way It seems your man been treating you like a step child
Some of 'em are out, some are in
And I'mma get on the floor

And shut the whole game down
Until I hear you cheering, babe
Have you spelled out my name, babe
See, I wanna give you all my love
Be your dope man in the bedroom
You can make me your drug, babe And it don't make no sense to be that bad
Oh no, baby (PYD PYD PYD)
I'mma put you down
Gonna show you how much I love you
For my appreciation, yeah no ooh
(PYD PYD PYD, PYD PYD PYD)
Ooh, 'cause you deserve the best
And nothing but the best
So I give you the best you've ever had
I'm gonna put you down (PYD PYD PYD PYD PYD PYD)
I'm gonna put you down, all the way down Ooh, 'cause you deserve the best
And nothing but the best
So I give you the best you've ever had
I'mma put you down, I'mma put you down, I'mma put you down
I'mma put you down, I'mma put you down, I'mma put you down Put you down, put you down,
put you down, put you down down
Put you down, put you down, put you down, put you down down
I'mma put you down
Put you down, put you down, put you down, put you down down
All the way down
Put you down, put you down, put you down, put you down down
PYD, PYD, PYD PYD PYD PYD
I'mma put you down
PYD PYD PYD PYD PYD
