

Dosey Doe

Omar LinX

Well then hi there, your name's unimportant
Spare the bullshit, get to BUSINESS, always talking, never listen
Somethings off or something missing, I made peace with my decisions
Think I lost it, think I'm kidding, something wrong, now that's a given
I walk around like a goddamn zombie
One track mind, flask still on me, head still spinning, spun like laundry
Who gon' stop me, you and what army?
Thought I told you you don't faze me
Call me foolish, call me crazy, it's the way that momma raised me
You say never, I say maybe
Been drunk 8 days a week, it's no doubt they hated me
By now I'd pay to be a better man that I pay to see
There's no hope for the lonely folk, you know rope when you know you know
But don't choke, when you go you go, the dance is done there's no more Dosey Doe but
I've been away so long I don't know my way home
Fill up my DRINKING glass, I need some time alone
See my reflection change, don't know a FRIEND FROM foe
Can't seem to rest my eyes, no I can't let it go Yeah why the long face
Why can't you just see it in my way
Why you gotta go tell everyone, can't you hold your tongue, don't you hear what I'm trying to
say
People trying to gain insight about LinX's life, you're with this broad around midnight
What he hate now, what he did like and how he end up in that fist fight but
Black eyed I must admit, bad mouth the way I'm living
How about you mind your business, shut your mouth and we can split the difference
Fuck you and your "good advice", I do what I like that's why I'm good at life
That's why I WRITE this song y'all couldn't write, so pour me up again and i'll be good all
night like
Been drunk 8 days a week, it's no doubt they hated me
By now I'd pay to be a better man that I pay to see
There's no hope for the lonely folk, you know rope when you know you know
But don't choke, when you go you go, the dance is done there's no more Dosey Doe but
I've been away so long I don't know my way home
Fill up my drinking glass, I need some time alone
See my reflection change, don't know a friend from foe
Can't seem to rest my eyes, no I can't let it go I don't know (I don't know) I don't know my way
home
I don't know (I don't know) I don't know my way home
I don't know (I don't know) I don't know my way home
I don't know (I don't know) I don't know my way home
