

# My Dying Time

## Black Label Society

Chosen thing, I have become  
broken stave, and overrunIn my dying time my wounds shall all be healedServant to what's  
offering

the poisoned ground I've fallen inIn my dying time you're all that is real  
In my dying time my wounds shall all be healedIn my dying time you're all that is real

In my dying time my wounds shall all be healed
