

This Is Love

Kelly Rowland

Can you describe the moment
When two people fall in love?
Some say the clouds will spin in circles
And the rain will turn to doves
The poor will start to laugh
Even the rich will start to cry
It can sneak up like a soldier
It can wake you up at nights
That's what I feel when I'm
Standing here with you
That's what my heart has
Sworn to be true
This is love
It's written on my face
It's the way I lean my body towards you
Even when I'm a hundred miles away
This is love
Like a diamond in the sand
It took so long to find you
I can't wait another day to say
This is love, oh
This is love, yeah
You take my imperfections
And turn them into art
If I could change one thing about you
There would be no place to start
You are safety without numbers
You are dangerously wild
But you're sweeter than [Incomprehensible] candy
And you ease my inner child
That's what I feel when I'm
Standing here with you
That's what my heart has
Sworn to be true
This is love
It's written on my face
It's the way I lean my body towards you
Even when I'm a hundred miles away
This is love
Like a diamond in the sand
It took so long to find you
I can't wait another day to say
This is love, ohh yeah
No, I? m no easy angel
I? m moody like the wind
I am impatient, complicated
I am fragile deep within
But you? re no fool
And I? m no little girl
Have we not found
There is love in the world
This is love
I said, it's written on my face

It's the way I lean my body towards you
Even when I'm a hundred miles away This is love
Like a diamond in the sand
It took so long to find you
I can't wait another day to say This is love, oh
This is love, love, love
This, this is love
