

Make You Stay

The Girl and The Dreamcatcher

I'd sing acapella in the rain
Let the whole world think I've gone insane
Give you all my money, and my name
Nothing I wouldn't do,
Nothing I wouldn't do When I'm crazy and I don't know why
Won't you calm me down and read my mind?
But you still send shivers down my spine
Nothing I wouldn't do,
Nothing I wouldn't do We could be,
We could be anything tonight, just tell me everything you like
Can't you see,
We could be something if we tried, just tell me how to make you mine
What about gotta do to make you,
What about gotta do to make you,
What about gotta do to make you,
Stay-ay-ay-ay-ay-ay
What about gotta do to make you,
What about gotta do to make you,
What about gotta do to make you,
Stay-ay-ay-ay-ay-ay I would break the laws of gravity
Killing for you in the first degree
Shut the world out when you need to breathe
Nothing I wouldn't do,
Nothing I wouldn't do We could be,
We could be anything tonight, just tell me everything you like
Can't you see,
We could be something if we tried, just tell me how to make you mine
What about gotta do to make you,
What about gotta do to make you,
What about gotta do to make you,
Stay-ay-ay-ay-ay-ay
What about gotta do to make you,
What about gotta do to make you,
What about gotta do to make you,
Stay-ay-ay-ay-ay-ay Stay-ay-ay-ay-ay-ay-ay,
Yeah ah ah ah ay
Yeah ah ah ah ay
Cuz I never known love like this, never known love like this
Yeah ah ah ah ay
Stay-ay-ay-ay-ay-ay-ay We could be,
We could be anything tonight, just tell me everything you like
Can't you see,

We could be something if we tried, just tell me how to make you mine
What about gotta do to make you,
What about gotta do to make you,
Stay-ay-ay-ay-ay-ay
What about gotta do to make you,
What about gotta do to make you,
What about gotta do to make you,
Stay-ay-ay-ay-ay-ay
Stay-ay-ay-ay-ay-ay yeah
Stay-ay-ay-ay-ay-ay
