

# Girl Gang (feat. Kelly Rowland)

Ciara

[Intro]

Uh-huh

Girl gang, girl gang, girl gang[Verse 1]

Drop the coupe, cop the you, brought the troop out

Yeah, with the new style

We the ones, we the ones they warned you about

Huh, we 'bout to shut it down[Pre-Chorus]

Somebody pour the champagne

Yeah, that's just our campaign

Everything we do, we do it big

Riding on our own wave

Whipping in our own lane

Ain't nobody messing with my clique (Yeah)

Yeah, yeah

[Chorus]

Girl gang, girl gang, squad goals, bang bang

Sauced up, sauced up, dripping, ring ring

Brought the troop out, and they all bang

Girl gang, girl gang, girl gang, girl gang

Girl gang, girl gang, squad goals, bang bang

Iced out, iced out, dripping, ring ring

Brought the troop out, and they all bang

Girl gang, girl gang, girl gang, girl gang[Verse 2]

Had to pull up with my troop, had to pull up with the you

Girls just wanna have fun

No, they wanna have funds, stackin' up revenue (Yeah)

Tryna hit it, no commitment, tell 'em hell no

He ask your favorite position, tell him CEO

[Pre-Chorus]

Somebody pour the champagne

Yeah, that's just our campaign

Everything we do, we do it big

Riding on our own wave

Whipping in our own lane

Ain't nobody messing with my clique (Yeah)

Yeah, yeah[Chorus]

Girl gang, girl gang, squad goals, bang bang

Sauced up, sauced up, dripping, ring ring

Brought the troop out, and they all bang
