History Has Its Eyes On You

John Legend

Whoa... Whoa... Oooh Oo-ooohI was younger than you are now When I was given my first command I led my men into a massacre Witnessed their deaths firsthand Oh, I made every mistake I felt the shame rise in me And even now I lie awake Knowing history, historyHistory has its eyes on me History, history, history, aaah History has its eyes on me History, history, history Ahhh Let me tell you what I wish I'd known When I was young and dreamed of glory Don't nobody have control Who lives, who dies, who tells your storyI know that we can win I know that greatness lies in you But remember from here on in History, historyHistory has its eyes on you History, history, history, aaah History has its eyes on you History, history, history AhhhWhoa... Whoa... (whoa) Whoa... History has its eyes on you History, history, history (whoa) Aaah History has its eyes on you (oooh) History (ahhh) History has its eyes on you (oooh, ooh) History, history Oooh, yeah Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
