

# The Night I Fell In Love

Luther Vandross

[Spoken]

Heh

I keep going over and over it again  
in my mind

I get these flashbacks and uh

I feel so-oh-oh-oh good, yeah

And this is one night that i'll never forget

You see... It was just like in the movies

I mean. It actually happened

Just like this

[Sings]

Yeah

The stars were shining  
brighter than most of the time

Then love came  
out of nowhere, yeah

No thrill will ever be like  
(The night that I fell in love)

I tenderly remember  
(The night that I fell in love)

It surely was the best thing I ever did that night  
(That night when I fell in love)

The stars were in your eyes  
(The night that I fell in love)

With you eh-eh-eh-eh-eh-eh  
Ooh-er

I've known so many people  
been to most parts of the world

And seen some things  
That have blown my mind, yes I have

But nothing will ever be like  
(The night that I fell in love)

I tenderly remember  
(The night that I fell in love)

It surely was the best thing to happen to my life  
(That night when I fell in love)

The star's light were in your eyes  
(The night that I fell in love)

With you eh-eh-eh-eh-eh-ehOh-oh-oh-oh  
yes-eh

Oh baby what else  
at night

umOoh yeah, I thought I could be happy  
without any love in my world  
But now I know that  
that is so untrue, yeah-eh-eh  
No thrill will ever be like  
(The night that I fell in love)  
I tenderly remember  
(The night that I fell in love)  
Yeah-eh-eh-eh. It surely was the best thing to happen my life  
(that night when I fell in love)  
The star's light were in your eyes  
(the night that I fell in love)  
With you eh-eh-eh-eh-ehAll I can ever do  
Is think about that night  
that night, that night.  
All I can ever do  
Is think about that night  
that night  
All I can ever do  
Is think about that night  
that night, that night.  
All I can ever do  
Is think about that night  
that night,to fade
