

Get Lost (Drive All Night Remix)

Icona Pop

I woke up this moment
Blurry eyed
I've been working so hard staying alive
Well, I don't need this shit
No I won't be long
Before I take that money
Money and run
I'm gonna take that money, money and runLet's get lost
Drive all night
Leave this whole
Fucked up world behind
Let's get lost
Drive all night
Leave this whole
Fucked up world behindWoke up this moment
So destroyed
I've been down in my luck
Just feeling that boy
Well, I don't need this shit
No I won't belong
Before I take that moneyMoney and run
I'm gonna take that money, money and runLet's get lost
Drive all night
Leave this whole
Fucked up world behind
Let's get lostDrive all night
Leave this whole
Fucked up world behind
Let's get lost
Drive all night
Leave this whole
Fucked up world behind
Let's get lost
Drive all night
Leave this whole
Fucked up world behind
