

Work It Out

Keyshia Cole

Damn, I'm sorry you had to find out like that.
(Aye aye)
Wait a minute.
Can we talk a minute?
Ohhh...

I'm sorry you had to find out this way. There's this guy I've been seeing, hold on though.
Everytime I close my eyes he's in my thoughts.
We've been going through it for some time now.
It ain't my fault, no.
I'm just tryna be truthful to you.
And let you know.
Everytime I try to leave something always tells me no.
And just when I think it's working
itself out... can't be so.
Everything we worked so hard for, should we let it go?
It's no fair to leave without tryna work it out. And there's someone else you've been seeing.
I ain't a fool, no.
And it's been going on for some time now.
It's so obvious.
Now she's been taking my place on the time
that you've been gone, yeah.
Oh, I want you be to truthful to me yeah and let me know.
Everytime I try to leave something always tells me no. (I try to leave I try to leave)
And just when I think it's working itself out it can't be so. (Aye
aye, ohhhh)
Everything we worked so hard for, should we let it go? (Aye, oh, yeah
yeah yeah, yeah yeah yeah)
It's no fair to leave without tryna work it out. (Without yeah)
And I know, Oh...
I know sometimes it can get rough.
It means so much when it comes to us.
I can't just walk away from the only thing I know.
(The only thing I know)
Tell me if you think it's worth working out.
I'll be right here if you have no doubt.
(No doubt)
We can make it cuz...
Everytime I try to leave something always tells me no. (Everytime I, it
tell me so baby)
And just when I think it's working itself out... can't be so. (Aye aye)
Everything we worked so hard for, should we let it go? (We've worked so
hard for yeah, yeah, yeah)

It's no fair to leave without tryna work it out.
