Best believe it's true
There's something right about now
It's keeping me up all night
It's keeping me up all night I want to sink with it
And if it wants to sink with me
Feel free
Feel free Sweeter than Sweet
Brighter than Bright
Louder than Loud
Farther than Far All my friends can't sleep
We're trying to figure out what's wrong with us All my friends can't sleep
We're trying to figure out what's wrong with us
You should have seen me
In line three
Better off wet
With luck in between Good luck boy
You shiver when talk Sweeter than Sweet
Brighter than Bright

Louder than Loud
Farther than FarAll my friends can't sleep
We're trying to figure out what's wrong with usAll my friends can't sleep
We're trying to figure out what's wrong with usI know I felt a breeze
I can't believe it's real
Nothing was all I found
At the bottom of the glasSweeter than Sweet
(sweeter than sweet)
Brighter than Bright
(brighter than bright)
Louder than loud
(louder than loud)
Farther than Far
(farther than far)
