

In Clover

Joywave

They'll never walk away
They'll never walk away from you They'll never run astray
They'll never run astray from you This could be fantasy
Now that I'm everything that I'm supposed to be Clover
I'll be in clover soon
I'll be in clover
I'll be in clover with you
They'll never walk away
They'll never run astray from you This could be ecstasy
Now that I'm everything that I'm supposed to be Clover
I'll be in clover with you
I'll be in clover
I'll be in clover with you
I'll be in clover
I'll be in clover soon
I'll be in clover
I'll be in clover with you
I'll be in clover
I'll be in clover with you
I'll be in clover
I'll be in clover with you
