

# Count On You (feat. Jordin Sparks)

## Big Time Rush

Hmm

Yeah

Oh woahNo

Oh.

Now, I am about to give my heart

But remember this one thing

I have never been in love before

So you gotta go easy on meI heard love is dangerous

And once you fall you never get enough

But the thought of you leaving

Ain't so easy. for me.

(One) Don't hurt me

(Two) Desert me

(Three) Don't give up on me

What would I want to do that for?

(Four) Don't use me

(Five) Take advantage of me

Make me sorry I ever counted on you

One, two, three, four to the five, baby I'm counting on you

One, two, three, four to the five, baby I'm counting on youOne, two, three, four to the five,  
baby I'm counting on you

One, two, three, four to the five, baby I'm counting on you

Understand I've been here before

Thought I found someone that I finally could adore

But she failed my test, go to know her better

Saw I wasn't the only one

But I'm willing to put my trust in you

Baby you can put your trust in me

Just like you count to three, you can count on me

And you're never gonna see

No numbers in my pocket

Any thing I'm doing girl I'll drop it

For you, 'cause you're the one I'm giving my heart to

But I gotta be the only one

(One) Don't hurt me

(Two) Desert me

(Three) Don't give up on me

What would I want to do that for?(Four) Don't use me

(Five) Take advantage of me

Make me sorry I ever counted on you

One, two, three, four to the five, baby I'm counting on you

One, two, three, four to the five, baby I'm counting on you

One, two, three, four to the five, baby I'm counting on you  
One, two, three, four to the five, baby I'm counting on you  
I really hope you understand That if you want to take my hand  
Then you should put yours over my heart  
I promise to be careful from the start  
I'm trusting you with loving me  
Very, very carefully  
Never been so vulnerable  
Baby I'll make you comfortable

One, two, three, four to the five, baby I'm counting on you  
One, two, three, four to the five, why would I want to do that?  
One, two, three, four to the five, baby I'm counting on you  
One, two, three, four to the five, ooohhh  
I'm about to give you my heart  
So remember this one thing  
I've never been in love before  
Yeah you gotta go easy on me
