

Guess What? (feat. Jadakiss)

Keyshia Cole

(Chorus)

I'm tired of the bullshit competin' with these other chicks

You don't know what to do with this you act like

Guess What?

I am leaving you and guess what

I am needin my keys from you

I was for love

Thinkin' you was everything a real man can give me and more

But guess not

I'm leavin' you and guess what I'm needin' my keys from you. Hears the photo I gotcha comin
up out her front door

Thought you had me fast but damn you didn't know.

Every time you paged her she would page me and tell me you were there.

And that's a no-no I let you go for months thinkin so wonderin' why you haven't hit this

In so long I'm a smart bitch and I gave you the rope and now your hangin' there.

Tell me what in the hey your thinkin' not keysh being home alone another weekend not Keysh

I let you get away with this nonsense for to long ain't gone be no more callin' this yours

(Chorus)

I am tired of the bullshit competin' with these other chicks

You don't know what to do with this you act like

Guess What?

I am leaving you and guess what

I am needin my keys from you

I was for love

Thinkin' you was everything a real man can give me and more

But guess not

I'm leavin' you and guess what I'm needin my keys from you. Now you wanna conversate sit
back talkin about the mistakes you made

When I was on your plate

... now hold yo wait now wasn't you the one sayin

I guess it's safe to say now every man you meet now has a tendency to cheat shame on me
Because if you new it was the same hold you to everything you thought she would be stay off
me.

Tell me what in the hey your thinkin' not keysh being home alone another weekend not keysh

I let you get away with this nonsense for to long ain't gone be no more callin' this yours

Chorus:

I'm tired of the bullshit competin with these other chicks

You don't know what to do with this you act like

Guess What?

I am leaving you and guess what

I am needin my keys from you

I was for love

Thinkin' you was everything a real man can give me and more
But guess not
I'm leavin' you and guess what I'm needin my keys from you.(Jadakiss Verse)
Everything I told you I showed you everything I promised came true if not boo I owe you.
And it's your loss now and it ain't nothin' you know me
I still got the duplex across town you wanna act hard yeah
I'm a give you your key's back just give me my platinum and black cards
And I can't lie I'm a miss pullin' your and hittin' it from the back hard uh guess what
I'm just bein a man I messed up fortunately I ain't got the best luck
But at the end of the day ask me if I give a less fuck.(Chorus)
I am tired of the bullshit competin with these other chicks
You don't know what to do with this you act like
Guess What I am leaving you and guess what
I am needin my keys from you I was for love thinkin' you was everything
A real man can give me and more but guess not
I'm leavin you and guess what I'm needin my key's from you.
I'm so tired of the bullshit competin with these other chicks
You don't know what to do with this you act like
Guess What I am leaving you and guess what
I am needin my keys from you
I was for love thinkin' you was everything
A real man can give me and more but guess not I'm leavin you
And guess what I'm needin my key's from you.
