

Without Your Love

[Chris Stapleton](#)

Yesterday just came and went
And today dealt me another hand of heartaches that I'll play
What we said and what we meant
Two different things, just some words and rings
And time keeps raising the stakes Tonight I'll find you in my dreams
And tomorrow I'll wake up and have to feel you fade away
That's the way it goes it seems
Tears filled with pain and they fall like rain
Constant reminders every day
Without your love
The sky is grey
Without your love
I'm waiting on the sun to shine
Without your love
Every hour is the darkest time of the day
And every moment's a crime
And every moment's a crime The more I live without you
Just can't forget about you
Nobody else can set me free
Baby, please come back to me
Baby, please come back to me
Without your love
The sky is grey
Without your love
I'm just waiting on the sun to shine
Without your love
Every hour is the darkest time of the day
And every moment's a crime
Without your love
And every moment's a crime
Without your love
And I'm just doing my time
Without your love
And every moment's a crime
