

# Boing Clash Boom

## Dada Life

Now it's official  
Ive sent my body on a mission  
I left my brain where it's belonging  
Cause I won't need it where I'm going  
The heads are turning  
We so beautiful it's hurting  
Bring on bananas and the bubbly  
because we are ready to get ugly  
everybody lose it we are going to smash this room  
everybody lose it but not until the boing clash boom  
everybody lose it we are going to smash  
this room  
everybody lose it but not until the boing clash boom  
cheating is winning  
we keep on winning til the morning  
and keep on smiling when we're ballin  
while the boing clash keep on calling  
everybody lose it  
everybody lose it  
everybody lose it we are going to smash this room  
everybody lose it but not until the boing clash boom
