

# Thug Love (feat. Jeremih)

Chinx

We was faded, faded  
You got one thing on your mind  
You wanna love me, love me  
Oh, only for tonight  
Maybe, maybe  
When I put you on that hood shit, I could drive you crazy  
I want you to tell me, tell me what you're doing tonight  
Tell me, tell me, oh baby, tell me, tell me  
You know exactly what's on my mind  
You know what's on my mind, you know what's on my mind, yeah  
So tell me what you're doing tonight (talk to me)  
Tell me what you're doing  
Don't play around I know you never had it like this  
I'm finna lay it down on you right quick  
Know I'm finna give it to you, finna give you some of that loving  
I'm tryna love you 'til you sweating  
Give me all you got left  
We done started from the bottom, made it to the top step  
I do, I do, all I do is dream about sex, with you  
Got you a nigga from the projects  
Hold up, young nigga switching them lanes  
I'm on my way to the door  
Shawty, I showed her the plane, anywhere you wanna go  
When they talk that lame shit, I don't entertain it  
Fuck 'bout what they saying, you know I'm your favorite  
Coke Boy shit, what you know about it?  
Came a long way from the dope house  
Now we on the sand with our toes out  
Took her to the crib then we both got  
Faded, faded  
You got one thing on your mind  
You wanna love me, love me  
Oh, only for tonight  
Maybe, maybe (just maybe)  
When I put you on that hood shit, I could drive you crazy  
I want you to tell me (yeah)  
Tell me what you're doing tonight  
Tell me, tell me, oh baby, tell me, tell me  
You know exactly what's on my mind  
You know what's on my mind, you know what's on my mind, yeah  
So tell me what you're doing tonight (I mean)  
Tell me what you're doing (If it's not for a lifetime, at least for tonight baby)

Don't play around I know you never had it like this  
I'm finna lay it down on you right quick (Look)  
Know I'm finna give it to you, finna give you some of that loving  
Me and you faded, sitting in  
the background, keep it lowkey  
Pretty young thing, but she ride that tip like she a OG  
You know what they, money can't buy love, you can get it all free  
She be right there when I roll out, she my Codeine  
Watch me pull off on that two door, comfy like I took my boot off  
Your ex she a dub like a 2-O, niggas gon' hate but it's cool though  
Come kick it with a real one, foreign whip, she could steal one  
She done fell in love with a hood nigga  
Made it to the top and I'm still one  
Go and hit the weed, let her zone out  
Keep a dime peace on the phone line  
We could let a whole day go by  
Took her to the crib then we both got  
Faded, faded  
You got one thing on your mind  
You wanna love me, love me  
Oh, only for tonight  
Maybe, maybe  
When I put you on that hood shit, I could drive you crazy  
I want you to tell me  
Tell me what you're doing tonight  
Tell me, tell me, oh baby, tell me, tell me  
You know exactly what's on my mind  
You know what's on my mind, you know what's on my mind, yeah  
So tell me what you're doing tonight  
Tell me what you're doing, yeah, yeah, yeah  
Don't play around I know you never had it like this  
I'm finna lay it down on you right quick  
Know I'm finna give it to you, finna give you some of that loving, loving, loving
