

Hellfire

Barns Courtney

Cold as a valley
Where I lay my head
Cold as a woman
On another man's bed
Down in the forest
With the devil in me
I remember the looks on their faces
Through the sycamore trees
And I chase a fire
Come to take me home
I'm lost in the woods
And I wander alone
Hellfire, hellfire
Take my soul
I'm waiting, waiting
I'm ready to go
Mothers, children
Lock your doors
I'm waiting
I'm ready to go
Burn in an alleyway
Through a dead end street
Burn the [?] promises that I just can't keep
We could sing pretty melodies
On the unmade bed
Slow dancing to a silhouette
'Cause I ain't dead yet
And I chase a fire
Come to take me home
I'm lost in the woods
And I wander alone
(yeah)
Hellfire, hellfire
Take my soul
I'm waiting, waiting
I'm ready to go
Mothers, children
Lock your doors
I'm waiting
I'm ready to go
Roll the dice
Hellfire, hellfire
Take my soul
I'm waiting, waiting
I'm ready to go
Mothers, children
Lock your doors
I'm waiting
I'm ready to go
