

# The Same Way

Jason Aldean

It doesn't matter if you grew up above the Mason-Dixon  
Or down in Dixie  
If you come from the east side or the west side  
Of the Mississippi Little farm towns to them high-rise cities  
Raise 'em up if you're with me If you got the same song coming out of your speakers  
Got the same strong mix down in your cup  
If you got smoke blowing in the air  
Howling at the moon, if you do, then that's what's up  
If you got your pretty green-eyed dime  
Or ride-or-die-er beside you pulling that all-nighter  
Yeah, we might be from a different place  
But we go down the same way  
The same way, the same way  
This one's for them good ol' boys and girls, y'all  
Let's get another round  
Say it loud, let 'em know all over the world now  
Country done come from Little farm towns to them high-rise cities  
Raise 'em up if you're with me, yeah If you got the same song coming out of your speakers  
Got the same strong mix down in your cup  
If you got smoke blowing in the air  
Howling at the moon, if you do, then that's what's up  
If you got your pretty green-eyed dime  
Or ride-or-die-er beside you pulling that all-nighter  
Yeah, we might be from a different place  
But we go down the same way  
The same way, the same way Yeah, we go down the same way  
We believe it in our hearts when we say we're country  
We ain't scared to back it up  
Yeah, I think it'd be safe to say that we all think  
That nobody does it like us If you got the same song coming out of your speakers  
Got the same strong mix down in your cup  
If you got smoke blowing in the air  
Howling at the moon, if you do, then that's what's up  
If you got your pretty green-eyed dime  
Or ride-or-die-er beside you pulling that all-nighter  
Yeah, we might be from a different place  
But we go down the same way  
The same way, the same way Yeah, we go down the same way  
The same way, the same way  
Yeah, we go down the same way  
Yeah, we go down the same way
