Caught Out There

Kelis

Yo', this song, yo', this song is for all the women out there
That have been lied to by their men and I know you all been lied to
Over and over again, this is for y'all
Maybe didn't break the way you should've broke, yo',
But I break you know I'm sayin' so, this is how it goes yo', damn, yo'Last year, Valentine's Day, you would just warmly say
"Babe I love you, love you, babe I swear"
Held you when you were sick
Even the whole time I think to myself, this isn't fairWhat is this I see, you don? t come home to me
When you don? t come home to me, can? t deal, can? t bear
You keep tellin? me lies but to your surprise
Look, I found her red coat and your bitch caught out thereI hate you so much right now, I hate you so much right now
I hate you so much right now, I hate you so much right now
I hate you so much right now, I hate you so much right now
So sick of your games, I? ll set your truck to flames
And watch it blow up, blow up, tell me, how you gonna see it now?
So far from sincere, fabrications in my ear
Drive me so far up the wall, I come slidin? downWhat is this I see, you don? t come home to me
When you don? t come home to me, I can? t deal, can? t bear
You keep tellin? me lies but to your surprise
Look, I hope you're happy since you're caught out thereYeah, you? ve been caught
Yo?, come on, come onI hate you so much right now, I hate you so much right now
I hate you so much right now, I hate you so much right now
I hate you so much right now, I hate you so much right nowRaunchy, so vulgar, not me, why the hell her?
Look she dresses, a mess, what do you see?
It? s not all about cash, nor how much you flash
How I dress is a reflection of me
What is this I see, you don? t come home to me
When you don? t come home to me, can? t deal, can? t bear
You keep tellin? me lies but to your surprise
Look I got somethin? for y? all since you? re caught out thereI hate you so much right now, I hate you so much right now
I hate you so much right now, I hate you so much right now
I hate you so much right now, I hate you so much right nowI hate you so much right now, I hate you so much right now
I hate you so much right now, I hate you so much right now
I hate you so much right now, I hate you so much right nowYo', yo', yo' yo' yo'
Yo', yo', yo' yo' yo'
