

# I Wish You Knew

[Mariah Carey](#)

I just wish you knew  
How much I'm still in love with you  
I've got to see you Wherever you are  
And I've got to be there  
I'm wishing on stars  
I've got to reveal what's inside of my heart  
But the words escape me  
And I'm paralyzed  
So helpless when I  
Look into your eyes  
And how I wish you only knew  
What I feel inside for you  
You probably haven't got a clue  
But I wish you knew  
How I love you, baby  
Honestly, I know it's silly of me To want you so badly  
But keep it concealed  
See my inferiority complex kicks in  
And the words escape me  
And I'm paralyzed  
So helpless when I  
Look into your eyes And how I wish you only knew  
What I feel inside for you  
You probably haven't got a clue  
But I wish you knew  
How I love you, baby  
I don't if anybody outside there tonight  
Who knows what it feels like  
To want somebody so bad  
That nothing and nobody  
Can ever seem to fill out that void  
That is the situation that I'm talking about right now  
And if you feel me  
Sing the song with me  
Come on  
And how I wish you only knew  
What I feel inside for you  
You probably haven't got a clue  
But I wish you knew  
How I love you, baby
