Manners

Icona Pop

You don't just leave a girl without a clue
Like it's up to you
You're coming back
You don't just walk all over broken hearts
Tearing love apart
You're coming back
You're coming backManners
Take a second look and you'll see
There is no one like me

Manners

You better reconsider
'cause you will never do better
There is no one like me
You don't just walk away without a trace
You can tell it to my face
'cause you're coming back

You don't just play around and get away

Hear me when I say You're coming back

Oh, you're coming backManners Take a second look and you'll see

There is no one like me

Manners

You better reconsider 'cause you will never do better There is no one like me

There is no one like meTake a second look and you'll see

There is no one like me

Manners

Take a second look and you'll see
There is no one like me

Manners

You better reconsider

'cause you will never do betterThere is no one like meThere is no one like me Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
